# BEAUTY BUZZ

Canadian women can indulge in spa-like escapes in the comfort of their own homes with unique body washes, lotions and sprays from Costa Blu – featuring Mediterranean-inspired ingredients that are historically revered for their ability to heal and rejuvenate. This exclusive new line of premium bath and body products is available exclusively at Shoppers Drug Mart®.

In an unrivalled contemporary reinterpretation of India's beauty and make-up rituals, Lancôme unveils its limited edition fall 2008 collection to all women; Maharani Jewels, as enticing as it is captivating... The lotus case is Asia's equivalent to the rose, and is as central to Lancôme's heritage as one of their historic symbols. When closed, the pure lines and hints of white gold reveal nothing of the treasures within this piece. Then it opens, like a blossoming flower and unveils three carved petals: two eye make-up colours, a duo for lips and finally two mirrors. Crafted like a jewel and paying homage to the brand's heritage, Available at cosmetic counters nationwide.

Organic Surge®, unique organic skincare line from Europe surges into Canada, offering nourishing, paraben-free products with natural ingredients. The UK's innovative line of natural skin and hair care products are made with a happy blend of naturally derived ingredients and certified organic extracts – such as grapefruit, lavender, mint, geranium and vitamin E – to cleanse and nourish. Organic Surge products are gentle on the skin and the environment, are cruelty free, and help support childcare programs in African communities. The Canadian lineup comes in a variety of natural scents and features shower gels, shampoos, conditioners, intensive hair treatments, hand washes and hand lotions from \$4.99 to \$9.99.

Available exclusively at Shoppers Drug Mart® and PharmaprixMD stores.

Solavie® Eco-Global Skin/Hair Care System addresses environmental conditions with five essential Urban Enviro-type® formulas: Face Wash, Face Nourish, Body Nourish, Hair/Body Wash, and Hair Nourish/Style. Each contains mineral-rich volcanic spring water, as well as a careful selection of anti-oxidants, extracts, and nurturing phyto-nutrients that are custom-blended for natural barrier protection in urban environments. These select nutrients actively work with the body's natural process of restoration to maintain a healthier, balanced state. Together, the products form a total unisex skin and hair care system for city life, work, play and travel.
