 A Guide to the Sweet Life.  
**Cherry Picked**

Boutiques haven't cornered the market on fabulous finds; we cherry picked these gems from big-box retailers, chain stores and brand giants to save you the searching.

## Solavie Skin/Hair System

**URBAN BODY WASH**  
 WEDNESDAY, OCT 15, 2008

Urban cities leave skin grimy; the tropics leave skin slimy, what's a girl to do when battling all the elements?

**What:** Solavie Skin / Hair System

**Where:** [www.solavie.com](http://www.solavie.com)

**How much:** US\$10 - US\$38

**Why it's sweet:** We know our bodies react differently to each environment we're in, and finally a product line has realized it too. Options like **Plains Face Wash & Face Nourish** and **Mountains Hair/Body Wash** keep us ready for anything (with natural ingredients, hot springs water and phytonutrients from plants that have adapted to survive harsh conditions). We were happy to put that theory to the test (especially with **travel-friendly** recyclable, snap-together bottles in tow), and happier with the results. Even if our travel budget will be keeping us close to home, **Urban Body Nourish (\$18)** has us covered.

Enjoy the *breast* of both worlds. Mix style and charity with the **Fashion Targets Breast Cancer Tote**. Available at TELUS stores during the month of October, each bag benefits **Rethink Breast Cancer** and reminds women to "target" their breast health. Every sale helps, so pick up your **\$20 tote** (tax included) today!
